New Applicants Organic Crop Producer Application Packet Table of Contents

1. Organic Certification Information

- a) WSDA Brand Name Material List
- b) WSDA Organic Rules and Regulations Book
- c) WSDA Guide to Organic Certification
- d) WSDA Seed and Planting Stock Fact Sheet

2. Application Forms (These forms must be returned to the Organic Food Program)

- a) Application for Organic Certification (AGR 2289)
- b) Organic Operator Agreement (AGR 2281)
- c) Producer Fees (AGR 2259)
- d) Production Yields Estimate (AGR 2290)
- e) Crop Producers Organic System Plan (AGR 2121)
- f) Site Application (AGR 2264)
- g) Previous Land Use Declaration (AGR 2262) – only needed if site was previously operated by other entity.

NOTE: If you want more than one production site certified, please photocopy or download the site application forms from our website at www.agr.wa.gov/FoodAnimal/Organic. A Site Application must be completed for each site you want certified.

3. Organic Recordkeeping Forms

NOTE: DO NOT return these forms with your application materials.

- a) Organic Material Application Record (AGR 2161)
- b) Organic Seed Availability Record (AGR 2261)

4. Organic Certification Cost-Share Program – optional for Washington State producers

- a) Organic Certification Cost-Share Program Application (AGR 2182)
- b) W-9 Form

To meet your certification needs, our office must receive your application at least 3-1/2 months before the harvest of your first crop!
Late applicants may apply for expedited services at additional expense.
